MAY 30

DEAR ALUMNAE:

For me—but never for you or any other lady—the year or years roll around far too rapidly and far too apparently for comfort. There is great satisfaction, however, in being able to anticipate again the return of some of you to the campus at Homecoming, or your attendance at the final meeting of your chapters for the present session; or maybe you will, on the prompting of this letter, sit down immediately and write letters to at least three of your college friends and tell them about yourself and your College.

The support and the thoughtful interest of all of you is deeply felt and appreciated by all of us at the College. We could not work constructively without your help, and we would not wish to work in any other fashion.

The program for this year should be an especially interesting one. The Alumnae College will seek to demonstrate the vital function in liberal education that the performing and creative arts have in the modern college. In many ways the presence of the work in fine arts in a college curriculum as an integral part of the curriculum and not merely an adornment or a fine show-piece, demonstrates the extent to which an institution wishes its students to become intimately aware of the non-materialistic world around us. In our day, far too much education, frequently non-liberal in character and outlook, takes its origin in the desire for material success and material recognition and obvious or easy achievement and security.

Your Alma Mater is an institution that has taken its position as a representative of education in the Jeffersonian Tradition of our liberal heritage.

I sincerely hope that you will be with us in person or in your thoughts, with the result that May Thirtieth will be a great day for the College in every way.

100th DAY AND LOYALTY NIGHT

As graduation day draws near for the Class of 1964 two recent events indicate a strengthened bond between these fledgling alumnae and the alumnae association. The one occasion originated with the Alumnae Council and the other was a spontaneous gesture on the part of the Student Government Association.

The Alumnae Council, knowing that the Seniors have a special feeling about what they call their 100th Day (one hundred days before graduation), made plans to entertain the Senior Class at Spotswood Alumnae House on that day.

Members of the Richmond Chapter served as hostesses at a formal 100th Day tea held at Spotswood on Thursday, February 20, in honor of the Seniors. At this time the girls had an opportunity to roam through what will be *their* alumnae house and to look at the collection of old scrap books and annuals.

Other guests at the tea were Chancellor and Mrs. Grellet Simpson, Dr. and Mrs. Edward Alvey, Jr., Dean Margaret Hargrove, and the Senior Class sponsors, Dr. and Mrs. James Croushore.

The second event means very much to the Alumnae Association members because the students, on their own initiative, decided to dedicate their Loyalty Night Formal Convocation to the alumnae.

The program, which was presented in G.W. auditorium on Wednesday, March 11, consisted of a formal procession of

the Senior Class, and an arrangement of songs, slides, and dialogue recalling life at MWC in the 1920's, 1930's, 1940's and 1950's. Emphasis was placed on the feeling of loyalty to the college which is shared by all of her daughters.

On the Convocation program appeared the following words, "We dedicate this Loyalty Night Program to the Alumnae whose loyalty and support has remained with us. Let us join now and reflect upon loyalty through the decades at Mary Washington."

In the center section of the practically full auditorium were seated the Senior Class, in caps and gowns, and three rows of returning alumnae and student representatives of some chapters.

After convocation the alumnae, members of the faculty and administration, and those who took part in the program met at a reception in the Hall of Mirrors.

Eleven of the fourteen active chapters were represented at the convocation, either by students from the chapter areas or by chapter members. A number of alumnae not affiliated with any chapter also attended.

Student representatives were sophomore Katie Winn Green for *Alexandria*; freshman Margaret Lee Ford for *Baltimore*; freshman Lynn Alice Freiburger for *Miami*; three freshmen—Mary Elizabeth Basnight and twins, Julie and Judy Fink for *Norfolk*; and junior Mary Susan Donohue for *Westchester*.

ALUMNA STARS IN LITTLE SERIES

The fourth concert of MWC's Little Series featured the alumnae association's own *Peggy Kelley Reinburg '58* when she returned to the college on

February 10 to play Johann Sebastian Bach's "Organ Mass."

"Clavierübung, Part III," a 10-part organ work which ranges from a prelude to chorale to fugue, has been termed "an unsurmountable peak of Bach's chorale creativeness and one of the most highly intellectual and most important works of sacred music."

Peggy and her husband, James M. Reinburg, live in Richmond where she is organist and music director of the First English Lutheran Church. Formerly music director and organist at the River Road Presbyterian Church in Richmond, she has also appeared as a recitalist in a music series at Bruton Parish Church in Williamsburg.

Since her graduation from MWC in 1958 she has studied at the Union Theological Seminary School of Sacred Music, New York and at Northwestern University. She has also studied under Granville Munson, Jr. in Richmond, Paul Callaway at the Washington Cathedral, Robert Fountain at Oberlin Conservatory, Richard Enright of Northwestern, and Gustav Leonhardt of Amsterdam.

In 1958 she was awarded the alumnae association's Thomas Jefferson Cup for high scholarship and outstanding service to the college. A recipient of the Mu Phi Epsilon award as outstanding musician in her class, she was also a member of Mortar Board, president of YWCA and Willard dormitory, music director for the senior class benefit, and the originator of the Mu Phi Epsilon talent shows.

At present she is Third Vice-Chairman of the Alumnae Association. This position places her in charge of the Alumnae Council and on the Executive Committee and Board of Directors of the association. She has served as past president of the Richmond alumnae chapter.

GOVERNOR APPOINTS ALUMNA TO UVA BOARD

Molly Vaughan Parrish '29 (Mrs. E. Alton, Sr.) of Newport News has been named by Governor Harrison to succeed Walter B. Martin of Norfolk on the 17-member Board of Visitors of the University of Virginia.

A past president of the Alumnae Association from 1945-1951, Mrs. Parrish has also served the Peninsula Chapter as their president and as chairman of many committees. In AAUW she was president of the Newport News Branch and a leader in the South Atlantic Regional and Virginia Division affairs of AAUW.

For many years she has devoted much of her time to work with young women, primarily through organizations of the Baptist church on both city and state levels.

Born in Newport News, she attended public schools there and received a BS degree from Mary Washington in 1929. She has taken extension work at William and Mary and the University of Virginia.

From 1929 to 1934 she taught in Virginia public schools and after her marriage in 1934 she operated a kindergarten. She was secretary of the Orcutt Avenue Baptist Church in Newport News in 1935-36; teacher at Langley Air Force Base from 1938 to 1940; and librarian in the Newport News Public Library, 1940-41. She operated a private school from 1949 to 1960 when she became remedial reading teacher in Newport News public schools, a position she now holds.

Mrs. Parrish is author of one book for children and much program material for Baptist Church organizations. At one time she was a member of the PTA at three schools simultaneously. She is current president of Delta Kappa Gamma, an honorary society for women in education.

Mrs. Parrish's husband, Edward Alton, Sr., is an appraiser for the Federal Housing Administration. They have three sons and two grandsons.

The following letter is addressed to her fellow alumnae and members of the Board of Directors of the Alumnae Association:

Dear Board Members and Fellow Alumnae:

This is a feeble effort to express my gratitude to you for the honor which has just come to me, the appointment to the Board of Visitors of the University of Virginia. The fact that you thought well enough of me to send my name to the Governor of our State stirs me more than I can say.

Be assured that I will serve to the very best of my ability, and strive to live up as nearly as I can to your expectations.

Most sincerely,

MOLLY VAUGHAN PARRISH

COLLEGE BUYS HISTORIC SITE

Timely intervention on the part of the College has prevented an historic spot near Brompton from becoming the site of a modern apartment building.

The tract is located on Sunken Road directly below Brompton and contains the only remaining portion of the original stone wall from which Confederate soldiers mowed down waves of Federal troops in the December 12, 1862 Battle of Fredericksburg.

The National Park Service had hoped to acquire the land in question so that the scene on Sunken Road could be restored and made another of Fredericksburg's historic landmarks, but technical difficulties prevented.

The land was purchased last July by Russel Sullivan, a builder who proceeded with plans to erect a 12-unit apartment just 25 feet east of the historic stone wall.

Governor Harrison also appointed to the Board a Winchester lawyer, J. Sloan Kuykendall, to succeed Federal Judge Albert V. Bryan. Since Judge Bryan was rector of the University the Board will elect a new rector at its meeting at Charlottesville in April.

Also, reappointed for their second four-year terms on the Board were William M. Camp, Franklin, Va.; Hunter Faulconer, Charlottesville; Edwin L. Kendig, Jr., and Lawrence Lewis, Jr., both of Richmond. Another MWC alumna serves on the Board. She is *Raynell Goodman Lantor* '41, of South Boston, whose term expires February 1966.

Early in February when bulldozers began to excavate, college officials quickly took steps to acquire the property and Mr. Sullivan agreed to halt operations. The purchase agreement was reached after the state budget director gave his approval, the money for the purchase to come from special funds of the governor.

Mr. Woodward, MWC Bursar, praised Mr. Sullivan as being "very cooperative and showing real nice civic spirit." Chancellor Simpson said the College plans to landscape the tract, working closely with the National Park Service. Officials of the Park Service hope someday to restore the historic stone wall south on Sunken Road as far as Lafayette Boulevard where the National Cemetery and Park Museum are located.

A number of alumnae have expressed the desire for class or alumnae directories. The executive committee considered these requests and regrets to say that at this time the association is not in financial position to publish any kind of directory. It is an expensive project and frequent changes in names and addresses make a directory obsolete very soon.

KING GEORGE CHAPTER

The annual Christmas dinner party was held at the home of *Betty Lou Fitzgerald* Braden. Several new members were present. The chapter, which is semi-active, planned its next meeting for March.

Members sold fruit cakes to raise funds to send a girl to Girls State and to maintain a clothes closet for needy children at the local school. They also helped with an auction for the benefit of a county exchange student. A basket of food was contributed to a needy family at Thanksgiving.

MARYLAND-SUBURBAN CHAPTER

Doris V. Steele '52, sent a report of a delightful luncheon at the Water Gate Inn in DC, followed by a free tour of the National Art Gallery.

MIAMI CHAPTER (Florida)

When the Miami group met on Feb 1 for lunch at the Summitt at Dadeland, new officers were elected and the year's program planned. *Lynn Freiburger*, MWC '67, who was home for a visit following exams, was present. The officers are president, *Katherine Rowe Hayes* '59; vice-president, *B. J. Lyle Dunbar* '50; secretary, *Lina Jennings Bertok* '43; treasurer, *Jo Walker Magee* '43; historian, *Frances Tillery Kirby* '35; and director, *Frances Malone* '49.

In Dec the members and their husbands attended a dinner party at the home of *Betty Oakman Hodson* '50. The Oct meeting was a bridge at *Lina Bertok's* home. *Marilyn Crosby Bass* '51 was hostess for the annual coffee for students. The family picnic was at the home of *Jackie McConnell Berry* '49. (Jackie moved to Atlanta in Aug) *Leona Hall Howard* '49 was hostess for the Feb business meeting and Betty Hodson, president in 1963, was luncheon hostess when *Frances Cook* and *Lynn Freiburger*, South Dade HS students, were guests. Both girls are now at MWC.

NORFOLK CHAPTER

Kathryn Nicholas Winslow, president of the Norfolk Chapter, wrote of many interesting meetings. In Sept they met at the Ranch House to hear The Rev. David Burr, former pastor of Royster Memorial Presbyterian Church, speak on education of our children today.

In Oct home economist Betty Douglas gave a demonstration at Giant Market. She treated those attending, husbands too, to an Indian curry feast like the one Prime Minister and Madame Nehru served her when she was their guest.

The husbands had another dinner out in Dec when the annual Christmas banquet was

held at Rodman's in Portsmouth. The Jan meeting at Lafayette Yacht Club featured films on Norfolk, borrowed from the Chamber of Commerce and shown by *Dot Diehl Denton* '39.

The chapter is working hard this year to interest both the older and the younger MWC alumnae in the chapter program. They have had several new members at their meetings this year.

WESTCHESTER CHAPTER

Sally Steinmetz '59 reported for the Westchester girls. They all planned to attend as a group the University Women's Forum, which was held in NY at the Waldorf-Astoria.

This chapter is semi-active. They have a planning meeting in Feb and the officers are elected in May. In Sept they hold a tea for incoming freshmen and their mothers from the Westchester area. Fund raising projects are held from time to time.

Alumnae within commuting distance of Westchester who are interested in joining the chapter are cordially invited.

Do hope we will receive news from more chapters for next issue. The deadline for news to me is June 6. Mail your news to the King George Chapter, c/o Mrs. Cary Upshur Washington (W.H., Jr.), Route 2, King George, Va. Thank you.

Class Notes

15 *Ruth Carter Vellines*
4908 Dollard Dr., Richmond 30

Dear Girls:

It's a real pleasure to pass on to you some news of our classmates gleaned from Christmas cards. So good to hear from each one.

Mary Temple Coleman Theimer and husband planned to spend Christmas in Denver with their children and grandchildren. Mary Temple was in the hospital last summer with virus pneumonia. *Alice Warren Twiddy* is already planning for Homecoming so let's not disappoint her. Let's meet her and others on the "Hill."

Edna Gibbs Hunter spent Christmas with her daughter in Colonial Heights. Edna is expecting her second grandchild in March, but hopes this event will not prevent her from coming to MWC in May. She has had lots of fun this fall redecorating her living-room.

Sarah Gouldman McAllister, although not able to walk much or stand long, is completely absorbed in her work in the Laubach Literary Council. We described this in the last issue. She loves to be helping and feels that teaching has always been her real calling.

Josephine Jerrell White sent a poem from St. Anthony's Guild, "My Christmas Wish." I wish I could pass it on to you. *Charlotte Rice* Weymouth reports that things are fine with her family. Her daughter, Constance, MWC 1944, is expecting her fourth child. Charlotte will go to California instead of coming to the "Hill."

On December 29 I had a surprise visit from *Margaret Sayre Ransone* and *Janet LaCrosse* Hankins. Both looked fine. Janet has two married sons and several grandchildren. We made plans to meet in Richmond for lunch early in 1964. *Bealmear Linticum* Masters called for information on January 2 since she was asked to serve as our Class Fund representative to write notes for the alumnae fund. Was not able to attend the meeting due to illness. We enjoyed chatting.

Nan Page Burrus retired from teaching in 1962 after forty years in public school, two years in private school, two years in government work and two years in tearoom work.

Living a quiet life at the old home place with her two married brothers, she enjoys excellent health other than suffering from glaucoma. She returned to MWC in 1922-23. Shall be expecting you, Nan Page, at Homecoming. Much pleased to receive a card from *Lucy Kennedy* Boyle, Class of 1913. We enjoyed seeing her again at her 50th reunion last June.

Edna Gibbs Hunter of Portsmouth, writes she expects to be at Homecoming in 1964. She says she will also bring *Alice Warren* Twiddy with her.

Girls let's remember our contributions to the Alumnae Fund. Love, *Ruth*

16 *Ina Taylor Powell*
634 Randolph Ave., Cape Charles

Dear Girls:

At last I have some news of interest to the class of 1916.

Bertha Scott Bass has retired after teaching 35 years. She and her husband live in Chesterfield Co., just outside of Richmond. *Elizabeth Smith* Hutchinson, of Plainfield, NJ, says both her daughters graduated from MWC and she expects to have a couple of granddaughters there soon.

Miriam Perrin Creel and her husband live in Montgomery, Ala. Both are retired. He enjoys fishing and *Miriam* teaches mission study classes for the Alabama Baptist WMU. *Nancy Carr Harrison* retired this year after teaching ever since graduation. Last fall she enjoyed a trip through New England with friends. She is doing some substitute teaching in Roanoke. One of her hobbies is dressing dolls. You should see some of the outfits she has made.

Josephine Shields Craig left Roanoke and lives in Petersburg near her daughter and grandchildren. Would like your new address, Joe. *Lucy Lipscomb Duval* retired and lives in Norfolk where she taught.

Grace Franklin Beazley and *Thelma Robertson* taught school together in Norfolk and shared an apartment for 25 years. Grace has now retired and lives in her old family home at Beaverdam. She does a lot of church and club work and gardening. She is looking forward to the 50th anniversary of our graduation in '66. *Thelma* is still teaching in Norfolk.

Noel Morris Jacob and I are the only ones of our class on the Eastern Shore. Noel lives on a farm on lovely Plantation Creek. She proudly told me she now has four grandchildren. I am ahead of her with five.

I regret to announce the death of *Emily Mason* James on June 4, 1961.

Would love to have some news about the rest of our class. Let me hear from you. Till next time,
Ina

17 *Lillie Michie* Behrendt
511 17th St., N.W., Charlottesville

It is with deep regret that I announce the death of *Lucile Boggs* Cato on January 10th.

Classmates of '17, how about spending Memorial Day on our beautiful campus at Mary Washington? When our class met in '62 we decided to return each year for one or two days to be refreshed both mentally and physically. Of course in '67 all who are able to navigate will be there to celebrate our 50th reunion when we will receive special recognition in various ways. Start planning now. And please send me news you wish printed.

Ina Scott Orrell, a minister's wife in Martinsville, plans to retire with her husband at the end of the year and move to F'burg to be near their daughter, Mrs. Robert J. Dunn. *Hilda Wright* Allen lost her husband last spring. *Sadie Bowles* of Glen Allen has retired due to a heart condition. My husband and I have also retired, however our eleven local grandchildren refresh and entertain us.

A note from *Elizabeth Haile* Cloe explained why she was unable to attend Homecoming last year—two sons getting married, one graduating, and a daughter with five children arriving from Calif for a month's visit. Quite understandable!

Nancy Eubank Rea and husband live in Matthews, N.C. Eight of their ten children live within a radius of ten miles of them so they enjoy their 24 grandchildren. In her own words she "is still going strong in church work, trying to love and serve everybody and to spread the good news." She invites us each to stop to say hello whenever we drive her way.

18 *Nellie Hodgson* Warner
4605 22nd St., North, Arlington

Dear Classmates of '18:

Since the last *Alumnae News* was issued we have heard from another one of our class, *Jeannette McCally* Inge of Emporia. Her son is a graduate of UVa and is now at Cincinnati General Hospital. A daughter is living in Richmond.

Please drop us a line about your whereabouts or of something interesting about yourself.

Sincerely, *Nellie*

21 *Virginia Bundick*, Bloxom

Hello Girls:

Please write to me about yourselves and other members of our class whom you know.

Cornelia B. Hogg, of West Point, Va. is now retired. *Madeline Coe* Bell is living in Covina, Calif.

Lucile Hansford Brooks is in F'burg. She taught nine years in Arlington Co and in Williamsburg. She returned to teaching in 1954 at Ferry Farm School where she is still teaching. She received an AB degree from MWC in 1959. Her daughter, who graduated from MWC in '53, taught in Newport News where her husband now teaches. *Lucile* has one grandson.

Please write, girls. *Virginia*

22 *Mary Massie* Hammond
913 Cornell St., Fredericksburg

I am delighted to hear from so many of you.

Our congratulations to *Myrtle Wheeler* Richardson who is retiring after teaching 37 years in the Boston Ave. school in DeLand, Fla. She never has a dull moment as she is kept busy with many social and civic clubs. She is Mrs. J. G. Richardson.

We also have news of *Marge Wheeler* Summerhill. She also lives in Fla. She has two children, a son in the Air Force and a married daughter in Savannah, Ga.

Of course you remember *Elsie* and *Eleanor Broadbuss*, our star basketball players. *Elsie* is now Mrs. Duggan and lives in Chevy Chase. She has retired from gov't service. Her hobby is painting. *Eleanor* is Mrs. R. H. Bruce and lives at Buckingham. She has two grown children, both married, so now *Eleanor* is a grandmother.

Gladys Boxley is Mrs. Goodwin and lives in Louisa Co. She has one son who is married. What do you know! *Belle Oliver* is still going strong. She is Mrs. Harold C. Hart, Belleair Beach, Fla, having just moved there from Wellesley Hills, Mass. Already she is a director of the Belleair Beach property owners assn. and is responsible for the publication of their monthly newsletter. Move over, *Belle*, we'll all be down.

Ellen Byrd Dew, now Mrs. W. Horatio Brown, lives in Wytheville. Her husband has retired. They have three sons and also grandchildren.

As for me, I am a widow with one son. He graduated from Carnegie Tech in 1961 and is now with the McCarter Theater at Princeton, NJ. I live in F'burg and would love to see you when you are in town.

Sincerely, *Mary*

And more—Eleanor has entered the San Diego State College School of Nursing. I could go on and on. Will hold her news of other girls for the next issue. Keep writing.

I am pleased to bring you the news which I gathered from notes on Christmas cards. It sure shows our gals are on the move—it's hard to keep up with all of you.

Barbara Huber Bohmann and family set sail on the *Christifo Colombo* on Oct 2, arriving in Milan, Italy on Oct 13. Until the middle of Dec they were in a hotel where fortunately there was a nice park and zoo across the street for the children. Now they are in an apt only a few blocks from shopping and Jerry's office. Jerry and the girls are picking up Italian quickly, Barb being a little slower, but she finds her Spanish a big help.

Betty Gavatt Lampard, out in Utah, has been furniture refinishing and completed 24 pieces. The family took a camping trip to Yellowstone last July where they "froze at night, fished, hiked, and photographed wild life." They were planning to spend Christmas in southern Calif. Clarke has been promoted to Major and is also a science major at Utah State, hoping to have his sheepskin in 1964.

Elise Cleary Rawson and three children live in Atlanta fairly close to Helen Hopkins Mizell. Nat Wilton is in Los Angeles selling European, South American, and Orient tours and cruises for American Express. Martha Carr is not teaching dance this year, but is staying home to care for three lively boys. The oldest has just started school.

In Satellite City, Fla "Ozzie" Osborn Cox moved into a new home last Labor Day. Frank has just formed his own company and is busy building houses. They enjoy being by the ocean. Ozzie has met up with Connie Metzger Verlander several times.

Kay Genovese is teaching in Wilmington, Del. Bobbie Birkenmeyer Mader is in Attleboro, Mass. She and Elmira Doolittle Briggs had a Thanksgiving get together. Nancy Lee Fox Sease and son, 8, were to have joined her husband in the Philippines where he expects to be on duty for two years. They plan to visit India and to go to the 1964 Olympics in Japan.

I wish you wouldn't wait until the holidays to drop me a line. You'll be hearing from me this year as I'll be lining things up for our 15th reunion in '65. It takes a while to locate all of you.

As I was ice skating yesterday (Feb) I couldn't help but wish Lucy Ring and a few others could see me. In Feb 1950 on the MWC sponsored trip to NY I attempted to skate at Rockefeller Center thinking no one would see me. Several MWC girls did and I was ribbed when I returned to the campus. If Lucy reads this how about dropping "Sonja Heinie" a few lines.

Sorry I missed getting news in the last issue. Heard from lots of girls at Christmas and here goes the news.

Jackie Atwood Dewey, Dick and three children are in Detroit where Dick is a Lutheran minister. Bobbie Kelley, a golf enthusiast, tied for the achievement trophy in the Lynchburg Golf Club. The handsome silver tray was awarded to the member showing most improvement for the season. Bobbie still works for social security.

June Weledniger Leers sent a darling picture of her four daughters, including 13-month old baby. She and Larry live in North Palm Beach. Dorothy Culpepper Wingfield, John and two daughters are in Germany where the Air Force sent them last May. Dot wrote in glowing detail of their life among the German people. She and John are loving it and going native. If anyone would like I'll be happy to send you Dot's address.

Louise Larson McKeown writes from Calif that they have been in their present home for five years. Dan is with General Dynamics Astronautics. Their three children were happy to have grandparents fly out for the holidays. Had a card from Ann Penny Ross. She and Jim live in Rhode Island and have seven children.

Karen Olsen Figueres, who lives in Costa Rica, sent a letter from Cambridge, Mass. She and the four children spent the fall semester at Harvard where husband Jose was lecturing. Karen says they thoroughly enjoyed the snow. Just received a letter from Dr. Carter saying Karen and family stopped by MWC enroute to Costa Rica.

Elizabeth "Fitzi" Fitzgerald Braden says her alumnae chapter held a covered dish supper, with husbands as guests, at their annual Christmas party at her house. The three children are doing fine. Fitzi tried to help me locate Andy Puryear Phillips. Anyone know where Andy is?

Audrey Conkling Wegener sent a cute picture of her three. They had a fabulous two weeks last summer with Helen Macheras Gregores and her three girls in NY. Conkie said it was wild with six children ranging in age from nine months to seven years. Dot Belden Wood, in Alabama, teaches kindergarten at her church. Her five-year-old son attends her classes. Daughter is in second grade.

Ruth Carroll Fisk left South Bend for Hamden, Conn as Milton is teaching philosophy at Yale. She is home with two children, age 4 months and 3. Betsy Fletcher Adams and Bill are still in Granby, Conn with three daughters. Bill is in graduate school at night at the Hartford extension of Rennesselaer Polytechnic Institute. Betsy is riding again but is more cautious than in her MWC riding days.

Anne McClerkin Jonas writes from DC that Jack is now National Travel Editor for the American Automobile Assn. She was in the third edition of "Who's Who of American Women." Marge Diller Johnson and Leon won a bowling trophy in the Fairfax bowling league. Marge is active in church work and busy with three children. Leon is in civilian personnel at the Pentagon in the Army Chief of Staff's office.

Anne Zirpel Josefy writes from Texas that they number six this year. John is Midland District Engineer for Texaco and they plan on being in Midland a couple more years at least. A fifth child in Sept to Judy Campbell Kern of Strasburg, making three boys and two girls. Jake is working on house plans as they hope to build.

Heard through Marie Rhodes Capiello's sister, Betty Rhodes O'Donnell '57, that Eddie Brazill Baltz lived across from her in NYC. They had the same baby sitter who told Betty that Eddie was a MWC graduate. Small world! Found Alice Bean Cech living in Bellevue, Wash. Her sister, Wildes Bean McCormick, who lives in Baldwinsville, NY, sent her address. Wildes has four children now.

If this seems like the same group of girls in the news each time it is because they are the ones who write. The rest of you get busy and drop me a line.

The Stones had a marvelous trip to the west coast and Canada last summer. Now we are settled again in Elk Creek and daughters, 8 and 6, are happy in school. My husband is manager of Galax Savings & Loan Assn—good place for investing, girls!

Joanne Insley Pearre delighted me at Christmastime with snapshots of her children. You'll never see two boys (5½ and 4) more handsome, nor a sweeter little girl (1½) than the Pearre's. From Calif the family will return to Va in July, when "Budgie's" tour with the Navy will be completed. In C'ville he will have a fellowship in cardiology for next year.

Marlene Bost Braun is back in Norfolk where Carl is the Engineer and Navigator of the sub *USS Sea Leopard*. They have a daughter 3½. Marlene saw *Lois Prime* Liles last summer. Since then, Lois, Sherwood, and son have moved to Charleston, SC.

I received a long letter from *Foncie Lawrence* Williamson. She and Bruce, who is with Atlantic Refining Co, have a new ranch house on a mountaintop in Roanoke. Foncie had taught phys ed at Falls Church HS before moving to Roanoke a year ago. She occasionally does substitute teaching in Roanoke.

Hi, gals!

Married life has really kept me hopping, so please forgive the lateness of some of this news, as I missed the last two deadlines.

Three girls that I know of have become engaged—*Clara Sue Durden*, *Nancy Perrine*, and *Barbie Upson*.

In June Clara Sue is marrying Clarence Ashley, who works in Md, so I hope we'll see more of her. On a Nassau trip last summer she ran into her freshman roomie, *Martha Bryant*. Martha lived in Calif a year and now works for a Richmond lawyer.

Nancy hasn't set a date yet but came back to Phila after a 2-year "working vacation" in Miami. Gave up teaching and is a sec'y to the Traffic Manager at Hondrey Process & Chemical, right in Center City, about a block from the apt she shares with another girl. She is also taking undergrad courses in night school. She saw *Theo Sammis* Bee, who expected another baby in Oct.

Barbie is getting married Aug 15 to fellow teacher Martin Gravely. She is very systematically planning her wedding. We are wishing you all the very best!

More and more of our classmates have walked down the aisle lately. As of last summer *Marie Butler* is Mrs. Frank Thaddeus Skalski; *Carlotta Croghan* Clark married Preston Cole Sept 14 and I believe lives in DC; *Carolyn Crum* married her Indian doctor, Singh Pannu, July 5. They live in Miami and she teaches airline stewardesses.

Nell Robinson Knot, who flew to Germany to marry Mitchell will live there till he finishes his tour of duty. *Patsy Whitehead* was married in August to ?? And *Linda Lange* and Tom have finally set their date for May 2. Best wishes to you all!

Now for the babies: *Sylvia Barden* Hein-er, a girl, Apr '63; *Ginny Cusick* Hanlon, a boy, July 6; *Nancy Driskill* Warren expected her 3rd in Jan; *Judy Finn* Wieszicki expected in Feb '64; *Vaughan Hargroves* Scott, a boy, Dec 18; *Nancy Kelley* Bliss has a baby; *Anna Lonn* Cushman, first, a girl, Nov 18; *Pat Pollock* McFarland, second child, first boy, Nov 26; *Jean Ryan* Farrell, second boy, Nov 27; *Nancy Wright* Wright, a boy, June 29.

In Jan *Jean Ryan* Farrell and Frank went to Italy to live. They went to Bermuda for a week between stations at Ft. Bragg and Ft. Sill. *Phyllis Pierce* is having a ball teaching school and traveling in Europe. *Janie Riles* Wamsley's Bill has been training for a job for Alcoa in Bauxite, Ark since Aug. On April 1 they're due in Dutch Guiana where they'll live in a small mining town called Moengo, one of about 23 American families. They are looking forward to the unusual experience.

Martha Manning Denniberg says Elliot has started his own advertising agency in DC and she's busy caring for a year-old daughter. *Sarah Leigh* Kinberg said last Jan '63 *Mittie Weeden* and *Mary Wilson* (MWC nursing) stopped in to see her while job-hunting in San Francisco and touring the US. They gave up and went back to DC.

A nice letter from *Barbara Westmoreland* who really seems to enjoy UVA Med School. This 3rd year they work more with the patients on the wards. She's seeing the other side of the coin now, as there are many men in her class who are married to MWC grads. By the way, the ratio is 70 men to 4 girls!

Heard through the grapevine that *Eleanor Knight* decided to get a masters in Analytical Chemistry and now has a job in WV with Union Carbide. *Gail Rilling* teaches elementary in Montgomery Co, Md, "in the sticks." She says "Nothing more of interest, yet." She visited *Judy Finn* Wieszicki last summer.

Correction from last issue in Class of '62 notes. *Patty Cairns* Hourin has a boy and *Dee Doran* Cairns has a girl. They live next door to each other at Craig AFB. *Regina Young* Hall lives in Kansas City.

Pat Pollock McFarland and Ed bought a home last May in Costa Mesa, Calif. *Ginny Cusick* Hanlon and Tom are in Akron, O. When Andy and I were in Bermuda on our

honeymoon I happened to see in the *Bermuda Weekly* that *Ann Eckert* and *Martha McMillan* were staying at the Elbow Beach. I tried to call them but didn't succeed.

Renee Levinson wrote a nice letter giving lots of news. Thanks so much. She's a professional actress under the name of Renee Laurents. She did three plays at the Arena in DC last season and nine at summer stock where she was also lighting designer. She's too busy to think of romance yet, but, there is a fellow she "sees"—also theatre! She is now in NY and can be reached through Talent Exchange or information, so call. She says *Liz Garland* Allison is in Wytheville with husband Barclay; *Janet Douglas* teaches HS outside Richmond. *Polly Updegraff* is at UCLA for her master's in drama.

Had two very nice letters from girls who were with our class and then went on to other things. *Dorothy Rice* Brainerd left after freshman year, married Navy Lt. George, and has a boy and girl. They are just back from duty in Hawaii. She enjoys hearing all about her MWC friends.

Sue Southern Roush, a nursing student, went on to C'ville and in April '63 married Chuck, an Air Force Captain stationed at Hanscom Field, Bedford, Mass. They bought a house in Sudbury and she works for Raytheon Co. She sent lots of other news too.

Retta Overton Hutchinson lives on the grounds of the Woodrow Wilson Rehab Center at Fishersville, where Jack works. She has a boy and a girl. *Pat Kenny* works at NIH and shares an apt in Bethesda with two other girls. *Monnie Smith* has an apt in Arlington, an Austin-Healy "Sprite," and works for C&P Tel Co, as well as doing a little detective work on the side with a small DC agency.

Joan Barlow went to MCV for Med Tech and shared an apt with *Cee Grover* in Richmond till Cee got married. Joan is in Atlanta now as a technician at Emory U Hospital. *Anna Lonn* Cushman and Charlie live in Marblehead, Mass while he goes to school at Boston U. *Cherry Sarff* Everett married Woody summer after freshman year and they now have a boy, a girl, and a house with swimming pool in Groton, NY.

Andy and I are busy, but love married life. We're taking a ski vacation to Canada the first week of March. Many, many thanks for all the news, keep it up! *Connie*

A note from *Timmy Pierce* says she spent a year and a half at WTOP radio in DC. She is now manager of publicity and promotion for WRC radio in DC. *Marcia Kirsten* and *Shelia Cooper* share an apt in NY. Marcia broke her leg while skiing a few days before Christmas but recovered quite well.

sons Hopkins and Hoppy are expecting; I wonder if he or she will be 6 ft 7 in? *Judy Anderson* Telling and John are patiently waiting for the event too.

Then there are those who are just getting married. Everyone is going fast! *Cecelia Rice* married William J Roach here in Norfolk on Jan 18. It was a lovely wedding and reception. *Beth Wharton* was at the guest book and I was one of the bridesmaids. Always a bridesmaid, never a bride. Cel lived with us for awhile before she married. Cel and Bill live here at the Beach now.

Linky Booth got married Feb. 15. I am sure it was something, you know those "Army brats." Speaking of "service children," *Karen Vandervander* is engaged. When is the big day, Karen? Our May Queen, *Sally Tarrant*, was elected Bob Bernert's bride on Feb 21. They live in Richmond. I understand *Allie Blue Habel* is in Richmond and preparing for a wedding. When's the day, Allie Blue? *Eleanor Howard* works in DC now and is engaged in John. How about these gals?

Ann Reardon Crowley writes that married life is wonderful; she and Peter live in DC. *Susan Ring* Keith writes that she and husband (Navy, of course) enjoy married service life in Calif. *Linda Fink* Oliver and John have requested an extension in Hawaii, they love it so. *Ginnie Dameo* Cooper, John, and daughter are living in Springfield while John goes to GW law school. Ginnie says they will eventually settle down in NJ.

In C'ville, *Pam Brooks* Wiseman and Jack are fine; I hear their daughter is growing rapidly and is so pretty. Speaking of little ladies, *Beth Lisle* Hazel and Bill's daughter is now a pretty little two-year-old. Time goes so quickly. Joe and *Bev Kepner* Lawrence were by here for dinner the other night. They still make their home in C'ville.

Then there are those of us who are still in the ranks of the career girls. Everyone is really enjoying himself. *Judy Ross*, a family caseworker in Richmond, finds life anything but dull. *Marjory Smith* is working in Richmond as a copyreader for the Presbyterian Board of Christian Ed. Judy and Marjory's ambition for next year is to go to Boston.

I understand *Ginger Logie*, *Carol Van Ness*, *Susan Lefevre*, and *Cathy Friedman* are still enjoying work and life in Boston. In NY we will find *Lee Tilton*, *Tabbie deButts*, and *Lynne Kolarsey*. Lynne is in one of the are galleries. What are you doing, Lee and Tabbie?

The same crowd is still working in DC and, from what I understand, getting together for parties and fun times. Lois, Keth, and I have been trying to get them down here to the Beach. Invitation is still open to all. We've got plenty of room!

How about the Atlanta crowd? Would sure like to hear about their jobs and those southern gentlemen! And California! I understand *Cathy Foster* and *Susan Rutan* are happy in their sunny surroundings. Word is they have a third roommate, *Betsy Lidle*, on weekends. Betsy "camps out" during the week. Believe it or not, Betsy is making good money as a camp counselor? *Cathy Matthews* almost went to Calif, but is working as a radioisotope technician in John Hopkins Hospital and likes it fine. I believe the DC group has seen Cathy a few times.

In Miami we still find *Nancy Maynard* in grad school, and I hear *Sue Walbridge* may be flying out of Miami as an airline stewardess to South American countries. Right, Sue? Word from East Tenn is that *Lynda Ray* will graduate this June. She's doing her student teaching now. I'm sure her class are A+ "Birders." *Linda Swanson* is still in Chicago and would sure love to hear more.

I would sure love to hear more from everyone! My address until June 13 appears at the head of this letter. After the 13th just send your news to 18 N. Coalter St., Staunton, Va. I'll be back at the Beach next fall. If you have a change of address, by all means make sure the alumnae office has it. Beth, Lois, and I are fine and really like to see any of you all anytime? Take care.
